How We Cover Your Day

This is a 7-hour wedding package, where our photo + film team works together with a proven structure, so nothing is missed and nothing feels rushed. Anthony covers photo and video whilst Bianca covers BTS.

Because it's only 7 hours, you can choose when we start and finish on the day — giving you flexibility to suit your timeline.

You'll get the same full coverage as most weddings, but with the added benefit of both beautiful photos, BTS & cinematic video — all in one. 

This package is unheard of value and at this price, it's a deal you won't want to miss. If it feels right, let's *lock in* your date. ✨
